

## **AS Biology Summer Assignment**

As part of the preparation for starting AS Biology in September, you will be expected to produce a piece of work as part of a summer assignment. This task will be in the form of a simple statement

*Everything natural is good and everything that is unnatural is bad. Discuss*

The article should be no less than 500 words in length and should take the form of an article for a student magazine. It must be aimed at students of your own age-group, studying Biology.

Below is a list of stimulus words which you could use to form the basis of your article. You have a choice of focusing in on one specific thing or, you may decide to include several of the stimulus words for your discussion.

Good luck!

### **Stimulus words:**

Snake venom

Aspirin

HIV

pesticides

Homeopathy

greenhouse effect

Evolution

Contraception

Vaccines

Malaria

Sickle Cell Anaemia

Water treatment

carbon cycle

*(Mr D Winch - Head of Biology)*

**HAVE A GOOD SUMMER HOLIDAY**
