Principal's Letter

This Spring term has been short but packed full of activities both academic and extra-curricular. One of the highlights of the term must include the wonderful production of 'Alice in Wonderland, it was so impressive to see such a number of students involved- both on stage and off. Well done to all and I know that negotiations have already begun about our production for 2026.

Emma Reynolds
Principal, Frome College

Our local MP, Anna Sabine has kindly given her time to talk to our sixth form politics students, offering first hand experience of the work of an MP. Our President and Vice President of our Student Union joined me to spend time with Anna discussing College matters including refurbishment of classrooms plus the range of leisure and music facilities for teenagers in Frome. We hope to work closely with Anna to help improve facilities for our young people both within and beyond College.

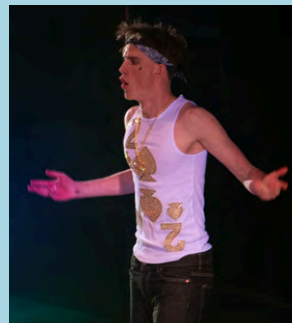

College marked Children's Mental Health week with a wide variety of tutor time activities and events. Place 2Be ran drop ins over the course of the week and helped signpost students to a range of services. Mobile phone free Wednesday will continue next term, providing a chance to move away from screens and converse more.

Finally congratulations to our Year 10 students who completed one of the best week's of work experience we have had for many years. College received many positive messages about students' initiative, enthusiasm and energy. Thank you to all businesses, schools and places of work for hosting our students.

We look forward to another eventful term after the half term break

A handwritten signature in black ink, appearing to be 'ER', written over a light blue circular watermark.

Emma Reynolds
Principal, Frome College

Alice in Wonderland

Our school production of "Alice in Wonderland" proved a magnificent triumph, with every performance selling out the Merlin Theatre.

The magical world of Lewis Carroll sprang to life through a remarkable collaboration across departments: inventive sets crafted in Design Technology, exquisite costumes created in Textiles, and emotive lighting designed by our Drama students.

Emily W. and Grace G. shared the title role, each bringing their own distinctive charm to Alice's curious nature. Joe McG. captivated audiences as the eccentric Mad Hatter, while Jack M. made for a humorous Humpty Dumpty, each adding their personal flair to the beloved characters.

The innovative staging transformed the theatre into a true Wonderland, delighting audience members young and old. From the bubble blowing caterpillar's mushroom to the mad tea party's topsy-turvy table settings, each scene showcased our students' technical and creative abilities.

This outstanding production not only highlighted the wealth of talent within our school but also demonstrated the incredible results achieved when departments work together. Special thanks go to all staff and students involved, whose dedication and hard work over many months made this unforgettable production possible.

Work Experience Week

We were delighted with the the tremendous success of our recent Year 10 Work Experience Week, which saw over 200 students step into the world of work across our local community. The feedback from employers has been outstanding, with our students consistently praised for their enthusiasm, professionalism, and willingness to learn.

Our students embraced opportunities in various sectors, from retail and healthcare to engineering and creative industries, gaining invaluable insights into their potential future careers. Their maturity and eagerness to contribute meaningfully to their host organisations has made us incredibly proud.

We extend our heartfelt thanks to all the employers who opened their doors to our students. Their commitment to nurturing the next generation of talent through meaningful work placements has been instrumental in making this week such a valuable learning experience. The time, guidance, and support they provided will have a lasting impact on our students' understanding of the workplace and their future career aspirations.

This successful initiative demonstrates the strength of our school-community partnerships and reaffirms our commitment to preparing students for their future careers. The experience gained during this week will undoubtedly prove invaluable as our students continue their educational journey.

Combined Cadet Force

Cadet Oscar Matthews has been successful in being awarded a place on the prestigious Cadet Naval Aviation Wings course. His application was deemed outstanding and gained him one of just 30 places from over 250 applicants.

Principal's Lunch

What an amazing Principal's Lunch this term! We had a special celebration of our first Gold Conduct Winner of the year, Oleksandra M!

We also welcomed our House attendance champions Jamie C, Roberto N, and Lucas H (and their friends), recognising their outstanding attendance records. Great to see our students being rewarded for their commitment to learning!

M.P. Visits A Level Politics Students

Anna Sabine, MP for our constituency of Frome and East Somerset visited Frome College to speak to A level Politics students on Monday 3rd February. Anna spoke to the students about her journey to becoming an MP, why she decided to enter Politics and her priorities for our area (the cost of living, access to NHS dentistry and clean water). The students then asked a variety of questions ranging from what a typical week looks like as an MP, the increasing harassment of MPs online, President Trump's tariffs and graduated driving licenses. Frome College would like to thank Anna for giving up her time to speak to the students, it was brilliant for them to be able to meet their elected representative in person.

Ms Sabine with Ms Reynolds and Senior Students Solace and Coral

Children's Mental Health Week: Know Yourself, Grow Yourself with Place2Be

Last week, we celebrated Children's Mental Health Week, a time to raise awareness for Place2Be and encourage open conversations about mental health.

Our pupils took part in a variety of engaging activities designed to explore emotions and promote self-expression. A key highlight of the week was watching the film 'Inside Out' and 'Inside Out 2', which follows the emotional journey of Riley as she navigates life's ups and downs. The film sparked thoughtful discussions about how we all experience different emotions and the importance of understanding and embracing them.

As part of the Unmask Yourself challenge, pupils were encouraged to create a mask that represented their "true version" - a reflection of their authentic selves. The idea was to explore how sometimes we may wear masks to hide our feelings, but it's important to unmask and share who we really are. Pupils drew, painted, and decorated their masks to reflect their emotions, thoughts, and personalities. The results were deeply moving and showcased the creativity and honesty of our students.

We've included some pictures of the amazing masks created by the pupils, each one telling a unique story about self-expression and embracing who we truly are. Well done to everyone for participating with such enthusiasm and courage!

Let's continue to support each other in creating an open, supportive environment for discussing mental health. Remember, it's okay to not always feel okay - together, we can help unmask our true selves.

UK Maths Trust

Intermediate Mathematical Challenge

On Wednesday 29th January we had 70 talented Mathematician from years 9,10 and 11 take part in the UKMT Intermediate Maths Challenge. A competition designed to encourage mathematical reasoning, precision of thought and critical thinking together with fluency. Our students conducted themselves exceptional well. Congratulations to all who took part, we look forward to receiving the results in a few weeks.

These are some of the questions they had to tackle. How would you fare?

"I can swim faster than you," said the dolphin to the shark.
"That is not true," said the shark to the dolphin.
"You are both wrong," said the octopus to the dolphin and the shark.
"You are right," said the starfish to the octopus.
How many of the dolphin, shark, octopus and starfish were telling the truth?

Duke of Edinburgh Award

tpavli@fromecollege.org.uk

Extra-curricular activities provide crucial opportunities for personal development, helping young people build confidence, discover new talents, and develop social skills beyond the traditional classroom environment. By participating, students learn teamwork, leadership, and time management, which are invaluable life skills that complement their academic education. Moreover, these clubs can spark lifelong passions, provide stress relief, and even enhance university and career prospects by demonstrating initiative, commitment, and a well-rounded personality to future educators and employers.

Earth House

This year Frome College aims to fight climate change by working in partnership with Let's Go Zero.

Let's Go Zero is the national campaign uniting teachers, pupils, parents and their schools as

they all work together to be zero carbon by 2030.

With the support of Let's Go Zero we have developed a preliminary Carbon Action Plan (CAP). We can begin to devise a coherent strategy to reduce our collective carbon footprint.

There is much work to do; we look forward to the positive challenges ahead.

For further information about Let's Go Zero please click on the link below:

<https://letsgozero.org/>

As the Earth House Ambassadors continue to develop the College site to support biodiversity, we hope to encourage as many different species of bird to our campus as possible.

On Wednesday 29th January the Earth House Ambassadors took part in the RSPB Big Garden Birdwatch. This important citizen science project is the world's largest garden wildlife survey and over the past 45 years, volunteers from across the UK have helped the RSPB by tracking the birds living in their gardens and local green spaces. Since the survey began in 1979, a more than 172 million birds have been counted.

Staff and students recorded 24 different species of birds on our site during this year's Big Garden Birdwatch!

Design and Technology in Partnership with Earth House

This term we have focused on designing and building an astronomical clock. We have taken inspiration from the clocks that can be found in many beautiful locations around the world; the clocks that chart the turning of each year.

We are making steady progress. Our clock is designed to show how the summer and winter solstice affect day length at Frome's latitude.

As part of the project, students have used Meccano to think about the mechanism required for the design to work accurately throughout the year.

Wells Cathedral

We'd like to Thank Graham Burgess for his continued care and guidance. **If you are interested in joining this group, please come to the DT department at 3.15pm on a Thursday afternoon.**

Earth House Guest Speaker Programme Continues

This term we met Sue Palmer- Lead at Future Shed, Edventure and Green and Healthy Frome. Sue is supporting Earth House this term to provide funding and opportunities for Frome College students to access local community initiatives.

Sustainable Fashion Week

It is estimated that fashion production comprises 10% of total global carbon emissions. Individual consumers can support to reduce the impact our clothing has on our planet. In March, Earth House and the Textiles Department will be collaborating with 'Everyone Needs Pockets' to mark Sustainable Fashion Week. In 2025 SFW is piloting their new activation - a second annual week of collective action but specifically focused on 11-23 year olds. SFW is partnering with schools, colleges, universities and other places of learning across the UK to connect with young people and help them develop good buying habits from the beginning of their fashion journey.

Thanks once again to Charlotte Cason from Frome Medical Practice for her work with our Earth House Team this term. Our new cohort of Earth House Ambassadors have become 'Green Connectors'! Becoming a 'Green Connector' means that we have considered how our own health is directly related to that of our planet. We have explored how maintaining our own mental and physical health is not only good for us but reduces the impact we have on our environment throughout our lives.

@fromecollegelibrary

The Library

The new year often brings hopes of new beginnings, and it is no different in the Frome College library. Now the Christmas decorations are packed away, we are looking forward to a very exciting 2025 filled with new competitions and activities.

We would firstly, like to extend our thanks to everyone that bought new books for us at Christmas. These have already been devoured by our avid readers. For those of you who gifted us books through Love Reading 4 Kids - we also have some credits to spend on new books -we extend a huge thank you to you all!

At the end of the winter term, we hosted a library 'thank you' afternoon. The supporters of the library enjoyed watching 'Christmas Chronicles' with lots of Christmas snacks. We also awarded Islarose a prize for writing the best book review. Her review of A Love Story by Sana Srhmarys was voted for by our student librarians. Islarose highly recommends this book to anyone who loves history and a strong female lead.

The Midsomer Norton Partnership Book Awards

We are very excited to announce the very first MNSP book awards. Secondary and Middle school librarians in the partnership trust have shortlisted 6 books which will be read by our student volunteers.

Like the Carnegie awards, students will review and score the books. Winners will be announced at the ceremony on the 22nd of May which will be held here at Frome College. The short-listed books are:

- Keedie by Elle McNicoll
- Sisters of Sword and Shadow by Laura Bates
- The List by Keith Gray
- Bird Boy by Catherine Bruton
- Murder at Wintertide by Fleur Hitchcock
- Cross by Heart and Never Lie by Nora Dasnes

All the authors have been invited to the event with some already confirming their attendance. The excitement levels are HIGH! The book clubs are in full swing and the reviews are already coming in thick and fast.

The Library continued....

Poetry by Heart competition

Following on from the wonderful performances by Luka and Ebony in last year's competition, we are thrilled to announce that we are once more launching the national Poetry by Heart competition. Schools compete regionally and nationally to win the chance to perform at The Globe Theatre in the summer term. Students choose, learn and then perform a poem with as much personality and style as they like. This is an ideal club for those who like to perform and would love to try this on the national stage. The Poetry by Heart club takes place every Wednesday during break time in the library.

World Book Day

Preparations are fully underway for this year's World Book Day event on Thursday March 6th. The student librarians will host a murder mystery event for year 9 students. This showcase has been written and performed by the student librarians and promises to be lots of fun. Be sure to sign up when the booking sheet is released.

We are also thrilled to be taking part in a live Q & A session with Karen McManus, the bestselling author of the 'One of Us is Lying' series. Students will be able to book in for this session which will take place in the afternoon. Please keep an eye on the tutor PowerPoint for details on how to secure a space.

Sports Roundup

Year 13 students Lottie and Maisie demonstrated exceptional leadership skills by organising an Athletics Festival for 60 enthusiastic Year 5 and 6 students from our middle schools. With support from some helpful Year 9 students, they successfully delivered this event as part of their Cambridge Technical qualification. The festival was a fantastic success, showcasing the students' ability to plan, coordinate, and inspire young athletes. A brilliant example of inter-year collaboration and sporting spirit!

Year 13 Cambridge Technical student running coaching sessions for year 9's as part of the course

Free Period Pants for Students

Thanks to Green and Healthy Frome, we can now give away FREE period pant packs to all menstruators enrolled at Frome College! If you haven't already got your pack and you're eager to start your plastic-free period journey, you can collect your pack from the 6th form office until the end of February. All sizes & flow need are available, just pop to see Ms Dredge in sixth form or speak to Student Services.

Alternatively, go to the drop in 'Young Person's Clinic' at [Frome Medical Practice](#) every Wednesday between 3 - 5pm.

If you are still unsure about period pants, packs of pads and tampons are still available, free to collect, from Student Services.

Exam Invigilator

Casual Contract

£12.45 per hour

We are seeking to recruit Exam Invigilators for GCSE and A-level exams.

The role will be on a casual basis to assist with examination supervision throughout the year. The number of days and hours worked will vary dependant on demand and season, and you do not need to commit to working for every season. The peak season is May to June when students take most of their public exams. The school will also require invigilators for exam series in November and January to March. There is flexibility on number of hours worked to suit the individual invigilator, providing the needs of the college are met and all exams are fully supervised.

Full training will be provided, and you will join a friendly and supportive team of experienced exam invigilators and exam assistants.

Duties and Responsibilities include:

- Assist with setting up examination venues (arranging tables, laying out equipment and examination papers)
- Distribute and collect examination papers/scripts/materials from candidates at the start and end of exams
- Ensure that the Examination Room is conducive to examination conditions and minimise distractions
- Supervise the entry and exit of candidates to and from the Examination Room
- Ensure that examinations begin and end on time as scheduled
- Deal sensitively with candidates who have special arrangements

Frome College is a successful, vibrant, and forward thinking 13-19 Upper School with approximately 1300 students. It is a fast-moving College within the Midsomer Norton Schools Partnership. We are based on a stunning campus in easy reach of Bath and Bristol. Frome itself is a thriving market town, with a vibrant artistic community with the renowned Frome Festival, monthly Sunday market and many restaurants and 2 theatres, one of which is on campus.

Posted copies of application forms available upon request.

Completed applications should be returned by post or by email to:

fccrecruitment@fromecollege.org.uk For more information or for an informal discussion, please contact: Sharon Frew on 01373 465353. *This post requires an enhanced criminal background check via the Disclosure Procedure*

Safeguarding Notices

Attendance

In the case of absence or late arrival please contact us as soon as possible.

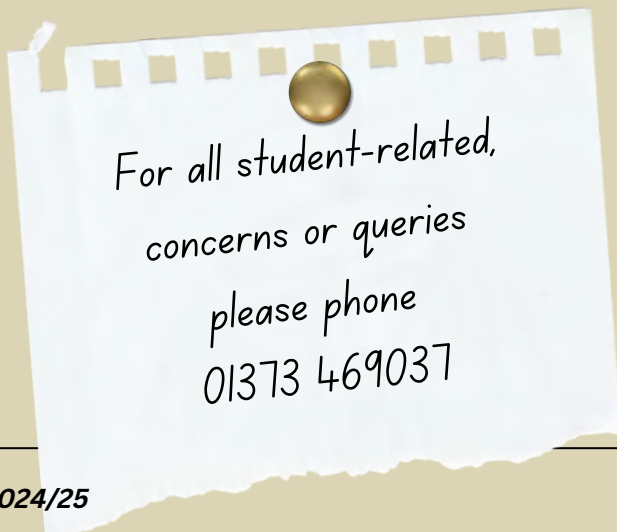

Email: FCCAttendance@fromecollege.org.uk

Telephone 01373 469008(Attendance) or 01373 465353(choose option 1).

Students are not allowed to leave the campus at any time during the day, except by prior arrangement (e.g. medical appointment) or if they are feeling unwell and have been seen by a First Aider.

Your child will need to go to Attendance to sign out. When you come to collect your child, please buzz at the gate in the lower car park (to the right of the Merlin Theatre); Reception staff will ask Student Services to send your child to meet you.

If your child arrives back at College later in the day, they will need to sign in at Attendance

New contact details?

If you change your mobile, home or work phone numbers, email address, home address or emergency contacts, please don't forget to let us know!

Contact the Admin Team:

Email: office@fromecollege.org.uk

Telephone: 01373 465353

Write: Admin, Frome College, Bath Road, Frome, Somerset, BA11 2HQ.

Mobile Phone Policy

Students may bring personal hand-held devices (e.g. phone/tablet) to school with them, but can only use it at break and lunch. Phones must be switched off and not visible during or between lessons.

If students use a device when it is not permitted, it is liable to be confiscated. Students must only access the internet using the College's filtered WiFi. Earphones are not to be visible at any time during the College day.

All such items are brought into College at the student's own risk. We cannot be responsible for any loss/damage.

Frome College is proud to be part of the
Midsomer Norton Schools Partnership
