23 November 2026

Dear Parents, Carers and Students,

Please find below our latest school updates, including important information about upcoming events, flu vaccination arrangements, Christmas lunch and key dates for Year 11 students. We also share details of the additional revision and support opportunities available for Year 11.

Flu Vaccination – Walk-in Clinics

Following the flu vaccination sessions held on 16th and 17th November, we recognise that some children may have been unable to receive their vaccination on the day.

To support these families, we are sharing the attached list of flu walk-in clinics with parents and guardians. This will help ensure that all eligible children who missed their scheduled vaccination have the opportunity to receive their flu vaccine.

GCSE Presentation Evening Tuesday 24th November

We are very much looking forward to seeing last year's year 11 cohort at the Memorial Theatre. For those who will not be attending, you can pick up your GCSE certificates from the exams office from next week. **Please make sure you email exams@fromecollege.mnsp.org.uk to arrange a time.**

Christmas Lunch

Christmas lunch will be served on Wednesday 9th December (menu attached - cost is £3.50). There is no requirement to pre-order, you can buy a meal on the day. A cold offer will also be available for those who don't want Christmas lunch.

Year 11 Looking ahead to Post 16, Parents Evening and revision sessions

Well done to year 11 for their recent 1st round of mock examinations. Marks are coming in and we look forward to discussing these results with parents at our Year 11 Parents Evening event on Thursday 10th December. Ahead of this students and parents will have another opportunity to discuss Post 16 Options on Thursday 3rd December. This more informal event will see Post 16 teachers available for drop-in sessions where students can ask questions about the courses available, their entry requirements, and pick up information on how courses are structured and assessed. We hope you can attend.

As we build momentum to the second round of mocks in February, we encourage students to attend more after college revision and coursework sessions in the coming weeks. There is a wide-ranging provision of sessions being offered by departments – the timetable is attached. To encourage attendance there will be snacks and refreshments available as well as a Revision Session Reward Card where students who attend 12 sessions will be entered into a prize draw. Running alongside subject specific sessions we will also be running open sessions where students can come along, get some refreshments and have a quiet space with IT access to revise whatever subjects they wish. We will make past papers available for students to complete as well

as online resources. These open sessions will run in the Hub on Mon, Tues and Weds after college 3.15 - 4.15pm. We hope students will take up these opportunities in the coming weeks.

Yours sincerely,

Dan Jeffries

Principal
